

Autumn Fragrances

Dragonsblood - This mysterious, alluring blend is difficult to describe. With warming notes of amber, incense, Madagascar vanilla and patchouli, this fragrance is lightened up with layers of romantic notes such as rose, jasmine and lilac. Finally, our sensual, deep blend is topped off with the colorful, light touches of blood orange and grapefruit.

Pumpkin - Dark, creamy and rich, with notes of Cinnamon, Cardamom and Nutmeg, this is the quintessential fall fragrance. The pumpkin scent is low key but very rich and smooth, taking on a different type of a fragrance similar to a juicy fig. A wonderful scent, it's the kind you want to keep inhaling.

Lavender, Apples and Oak - A heavenly blend of classic relaxing lavender, crisp red apples and forest oak. This is a stunning fragrance that seems to have more to offer each time you smell it. There is no mistaking of the three blends that are distinct yet harmonious in this trio of fragrances, making it a best seller.

Smoky Patchouli –There is a lot of excitement about this new patchouli fragrance, which is a replacement for regular patchouli which cannot be obtained anymore due to shortages. This fragrance is heavy on the heady, earthy good old Hippy Patchouli fragrance with a slight note of “smoke”, it’s a deep fragrance that is sure to satisfy all the old Hippies out there.

Jewelweed – First of its kind to join our lineup, this soap is made from wildcrafted Jewelweed gathered from the banks of the Slate River in Eastern Kentucky. Jewelweed is best known for its skin healing properties. The leaves and juice from the plant are used by herbalists for poison ivy, poison oak, and other plant induced rashes, as well as many other types of dermatitis. Softly scented with Sweet Basil and Comfrey.

Mother Marian’s Lye Soap – In honor and memory of my Mother who made her soap with Crisco and Wesson oil, this is fragrance free, color free and botanical free. Just good old fashioned plain soap enhanced with extra organic beeswax and shea butter, Mother Marian’s is great for gift giving to those with sensitive skin or those who may have scent allergies.

Stargazer Lily – Clean, bright and addictive, this sensual floral fragrance is from hybrid, Oriental lilies. Many of today’s perfumes include this wonderful, much sought after and very popular flower. Stargazer Lilies have become extremely popular in the last few years for their appearance and their scent.
